

The Most Efficient Attic Ventilation System

Starter Strip (above)
Extension Strip (right)

How It Works

Designed specifically for cathedral applications. AccuVent® Cathedral Ceiling Vent efficiently conducts air from the soffit all the way to the ridge vent. The Cathedral Ceiling Vent system consists of a Cathedral Starter Strip and the Cathedral Ceiling Vent Extension. The extension strip is added to extend the length of air-flow on the various roof lengths.

The Benefits

- Provides Efficient Airflow
- Quick & Easy Installation
- Reduced Labor
- Prevents Insulation Drifting
- No Callbacks
- 100% Recycled PVC
- Meets EnergyStar Requirements
- Designed for Glass, Cellulose and Spray Foam Insulation Types
- Works Equally Well in Traditional Ceiling Applications
